EDUCATION

Université de Montréal <i>Bachelor of Science in Computer Science</i>	Montréal, QC <i>Expected Graduation: April 2026</i>
Information and Communications Technology Council (ICTC) <i>Cybersecurity training with hands-on labs on cloud security and threat management</i>	Montréal, QC <i>Fall 2024</i>
Université de Montréal <i>Bachelor of Science in Neuroscience</i>	Montréal, QC <i>Sep. 2020 – May 2023</i>

CERTIFICATIONS

AZ-900: Microsoft Azure Fundamentals <i>Validates basic knowledge of cloud computing, Azure services, and cloud security.</i>	Dec. 2024
SC-900: Microsoft Security, Compliance, and Identity Fundamentals <i>Demonstrates understanding of security, identity, and compliance solutions in Microsoft platforms.</i>	Jan. 2025
AI-900: Microsoft AI Fundamentals <i>Covers AI concepts, machine learning basics, and Microsoft AI solutions.</i>	Jan. 2025

PROJECTS

Sunset Prediction Web App <i>React, Node.js, OpenAI API, Vite, Axios, Express</i> - Built a full-stack app (React, Node.js, Express) that predicts sunset colors and generates poetic descriptions using OpenAI API and real-time weather data from OpenWeather API - Implemented AI-generated sunset descriptions, enhancing user engagement with dynamic outputs.	
FoodWizard <i>JavaScript, HTML, CSS, API</i> - Developed a web application that generates recipe suggestions based on user-inputted pantry items, using JavaScript to interface with the Spoonacular API. - Crafted a responsive and accessible user interface employing HTML and CSS.	
Flappy Bird-Inspired Game <i>Java, JavaFX, Object-Oriented Programming</i> - Developed a 2D game inspired by Flappy Bird, implemented in Java. - Utilized JavaFX for graphical rendering, event-driven programming, and a responsive user interface.	

EXPERIENCE

AI Trainer <i>Outlier</i> - Evaluated and optimized over 50 AI responses weekly, enhancing model accuracy. - Contributed to training generative AI models by creating and refining French-language writing projects.	May 2024 – Present Montréal, QC
Etsy Shop Owner <i>Plutonien</i> - Managed product design, marketing, customer service, and order fulfillment, achieving 41 total sales. - Implemented strategic pricing and promotions, increasing product visibility and improving Etsy search rankings.	Nov. 2021 – Present Montréal, QC
Sleep Laboratory Intern <i>Sleep Laboratory directed by Dr. Dang-Vu at CRIUGM</i> - Collected and monitored EEG data for a study on the effects of rocking beds on sleep. - Organized and analyzed EEG data using R, demonstrating a methodical approach to data management.	Jan. 2023 – Apr. 2023 Montréal, QC

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, HTML/CSS, R
Frameworks: React, Node.js, Express
Developer Tools: Git, VS Code, IntelliJ, Vite, Netlify
Libraries: pandas, NumPy, Matplotlib, OpenAI API, OpenWeather API, Selenium
Microsoft Office Suite: Excel, Word, Powerpoint (advanced)
Communication: French (fluent), English (fluent), Vietnamese (fluent)
